Description:

Book by Nita Rutkosky, Audrey Rutkosky

I purchased the book for an online class and have found it to be very helpful, thorough, and easy to follow. All the exercises, examples, tables, and figures are excellent at demonstrating the material and make following the various steps easy and intuitive. The CD has learning materials for all of the four books in the series--Access, Excel, Word, and PowerPoint. These prepared materials are also very relevant and greatly enhance learning and comprehension. I highly recommend any of these books, as I am taking all four classes in the series.
